SUCCESS

Whatever your mind can conceive and believe, it will achieve. Dre[illegible] dreams and make them come true. Do it now. You are unique. In [illegible] the history of the world there was never anyone else exactly like you; and [illegible] infinity to co[illegible]re will never be another you. Never affirm self-limitations. What you bel[illegible] yourself to be, you are. To accomplish great things, you must not only [illegible] but also dream, not only plan, but also believe. If you have built castles in the air, your work need not be lost - put foundations under them. Yes you can. Believing is magic. You can always better your best. You don't know what you can do until you try. Nothing will come of nothing [illegible] to get the fruit. There is no failure except in no [illegible] produce hazy results. Clearly define your goals. [illegible] plan for achieving them, set a deadline, visualize the results and go after them. Just don't look back unless you want to go that way. Defeat may test you; it need not stop you. If at first you don't succeed, try another way. For every obstacle there is a solution. Nothing in the world can take the place of persistance. The greatest mistake is giving up. Wishing will not bring success, but planning, persistance and a burning desire will. There is a good mind within you from which you can extract all the necessary ingredients. Success is an attitude. Get yours right. It is astonishing how short a time it takes for very wonderful things to happen. NOW, SHOW US THE COLORS OF YOUR RAINBOW!

The Homecoming game this year, played against Marquette, ended the week's activity during which the Seniors earned enough points to win. The naming of Lindsay LaJoie as Homecoming queen was the crowning touch of this year's festivities.

The Sault High J.V. football team ended its season with a record of 2 wins and 6 defeats. Victories came over Newberry and Onaway.

The Onaway victory was especially gratifying since they had beaten the Sault J.V.'s earlier in the year. That victory showed vast improvment over the first meeting between the two teams and raised hopes for upcoming seasons for the entire football program.

Sixteen of the J.V. team members participated with the Varsity for the last game of the season amd many of them played in the game thus preparing them for next seasons step up to the varsity.

The J.V. coaching staff is excited about next year due to the fact that the Freshmen team had 32 participants out for football this year. Hopefully all of those 32 and more will come out for football next year as a new shedule will make the program more competitive

The Sault High hockey team has completed its 10th season of competition. In that time the team has not had a losing season. They have made three appearances in the State Tournament going to the finals twice and the semi-finals last season.

This years squad is blessed with some very good skaters and has good depth. They have competed against and beaten some of the top teasms in the state. One of the highlights of the season, was the championship of the Lions Invitational Tournament where we beat Detroit Country Day and Sudbury Lo-Ellen Park High School. It was our third Lions Invitational Championship.

The potential is here to have another good season and we hope to make another appearance in the State Tournament.

A blow to the team was the loss of Chris Cahill who suffered a fractured ankle. He was captain, team leader and will be missed by all.

The Varsity Rifle team has been in continuous operation since 1972. It has been steadily improving over the past couple of years and is now the best high school team in Michigan and is ranked as one of the top 15 high school teams nationally.

The Varsity team shoots in the Twin Cities International Rifle League. This is a league composed primarily of adult teams from the twin Saults. In addition to the local league and tournaments at L.S.S.C. and Sault High, the team makes about five major trips a year. These trips will involve matches in Tennessee, Ohio, Wisconsin, and Indiana and will involve shooting against national and olympic champions. This is very stiff competition but it is also the quality of shooter that the team is trying to develop and the shooters on the team are showing the results of this effort.

Since 1925 the Keynote has been promoting the idea that "Your right to know in the key to all of your liberties." Last year, however, not too many people wanted "to know," and the Keynote took a year's rest

While the Keynote is celebrating its 56th anniversary, there have actually been 77 years of publications at Sault High. In 1904-05, there was an annual published at Central High School known as the Bema. It was only published once, but it began a long history of publications at Sault High. The Keynote began in 1925 when a contest was held to choose the name of the school paper. The Keynote won, and the second choice was The Arrowhead. The Keynote was published every year from that time up to 1980-81. After that rest, the Keynote is ready to come back and inform anyone willing to listen that, "Your right to know is the key to all of your liberties."

This year Northern Light began with a virtually untrained staff who didn't know anything about constructing a yearbook. with the help of Joe Wallace, we were able to go from chaos to organization. The staff held a candy cane sale before Christmas to raise money and for once the yearbook may run in the black. Because of this year's success it looks like there will be another yearbook next year with a big carry over of staff. This yearbook was the result of many hours of hard work and the staff really hopes the students will enjoy it for many years.

The Sault Area FFA has been very busy througout the entire year. At the beginning of the year, the Sault FFA sponsored a spook house at one of the elementary school carnivals which turned out very well. They have been asked to do it again next year. The Sault FFA has also produced a Food For America program which they presented to a number of different grade schools. This program included telling the children where there food is grown and how it is processed. Some times the Sault FFA even brought animals into the class room to give the children a better idea of animals and how they live, grow, and produce food.

Several of the Sault FFA students attended the leadership training conference in Marquette.

To earn money for the FFA, the students hold an annual FFA Citrus Fruit Sale. The money they earn goes toward purchasing needed items for the FFA. The money also helps pay for a trip to Lansing to attend the State Convention. State contest competition and individual state awards are presented to members at the convention.

The Sault FFA students are busy preparing for the district leadership contest which will be held on February 11 at Rudyard. There are 18 students participating in this years contest.

Membership in this organization is world wide and there are 1,000,000 members. Sault Ste. Marie Troupe 141 is one of the oldest troupes in existence, being founded in 1929. Members are inducted for life. Troupe 141 is proud to serve this school and community.

The Junior Rotarians are made up of the top 25 students in the senior class. This year groups of these students went to the Knife and Fork Restaurant each Monday to dine with their sponsors, all members of Rotary International. There they learned about the group, which consists of top professional men in the Sault Ste. Marie area, who are concerned with civic minded projects. The men raise money for charity, hosted exchange student Maria Wennerholm, and gave a dinner for handicapped children before Christmas, which was highlighted by a visit from Santa Claus. Besides helping others, the group helps achieve cooperation through friendship among our area's businessmen.

The Junior Rotarians wish to thank the club for the opportunity to attend the group's meetings and wish to praise them for their activities.

Elmar Herger

What a change: from the Swiss Alps, Jodeling Farmers and the good old Swiss cheese to McDonald's, Big Macs, and Minneapolis Woods. I left Steinhausen, Switzerland, two brothers, and my parents, last August to experience the American Way of Life. Indeed, the Swiss and the American lifestyles are different. We don't have drive-in banks or drive-in movies, but J.R. Ewing and REO Speedwagon have made it there.

At home, when I'm not hiking or skiing in the mountains, I go to school for 37 hours a week, including Saturdays, which is unusual because I'm attending a private school. I might have forgotten a lot of Latin, Biology, Geography, and Math I took at home, but I've learned how to cook delicious American food from my host for the year and great advisor, Joe Wallace, and his family.

I got used to the American Way of Life very quickly. During my stay I have drunk over 300 milkshakes and eaten uncountable ham burgers, which have depleted my entire Swiss bank account.

I have become quite a Devil's fan, a Detroit Lion's lover, and a Laker supporter and when I return to my home country, I'm going to remember this year forever.

Thank you for everything you've done for me.

Marie Wennerholm

The 21st of August 1981, I left my safe home in southern Sweden. Waving to my parents and my brother at the airport, I didn't know what I was getting myself into. But I'm glad I took the chance.

Michigan is pretty much like Sweden, except for the COLD winter.

The Soo is a couple of sizes smaller than my hometown Växjö is. But it is a big experience to come here and meet the people, see how you live, and see your country.

The school is very different. It's more fun and a LOT easier. Five subjects isn't much if you are used to fifteen . . . . .

My family got pretty much bigger when I came over here: 3 new mothers, 3 new fathers, and 9 new sisters and brothers. Well well, what do you know! I stayed with three families here: the Bruces, the Schmeltzers, and the Godbys - all super families!

When I don't have school work I like to play volleyball, dance, do some jogging or anything else that's fun.

Thanks to all of you making this year one of the best in my life.

See you when you come to Sweden!

Raed-Peter Nasser

Hi! I'm Raed-Peter Nasser and I came to the Soo from Germany on August 25th, 1981. In Germany I'm living in Moenchengladbach, a city of 260,000 people close to the Dutch border

The change from Germany to the U.S. was great. Both the people and the weather are different. If I hadn't experienced it I would never have believed that there could be so much snow and coldness. During the winter my main occupations in the Soo were freezing and snow-shoveling.

My first impression of the U.S. was that all the houses were made of wood. In Germany the houses are made out of brick. One thing that I appreciated here was the use of a sixteen year old car, although it cost me a lot of money during lunchtime.

School at Sault High was much easier than in Germany but there were many more school activities. In Germany we lack pep assemblies, home-coming, cheerleaders, and formal dances. I'm a great soccer fan, the major sport of Germany, but at the beginning of the football season I changed rapidly to football.

My exchange year in the U.S. is an experience that I will never forget. The Americans are very friendly to me, especially my host family the Hodders. I want to thank everybody for this wonderful year.

Eduardo Rubino

I was born in April 16, 1964 in Sao Paulo, Brazil; but actually I'm living in Brasilia.

I feel that there aren't many differences between the Soo and Brasilia except for the weather. It is much colder here than I expected (We never get snow in Brazil).

What I really should say is that I'm enjoying it here a lot. I like the people here and I like the winter sports (because I've never had them before).

BUILDING TRADES HOUSE

For the first time, the Sault Area Skill Center, drew up contracts on a house that is to be built by the Building Trades class and decorated by eight students in second year Interior Decorating. This is always a very good learning experience for the students. What makes this year so special is the students are working with a client, (the Ulrich's). The house has been built on Gypsy Cove and the students are very proud of it.

This year has been a very special year for the staff and myself. We started out as a totally new staff with no experience what so ever. Just the very valuable help of Joe Wallace, our advisor. As editor I am very proud of our book and everything that we have done with it. I feel we have all put 100% into the book & given it our best ideas.

I was extremley happy to be able to present the school with the traditional all school yearbook once again.

Working everyday after school and sometimes on our own time, it seemed like all the work would never end, but it did and all too soon.

I would like to give special thanks to Mr. Wallace, for without his help this book would not have been possible. To Mr. Askwith and his Printing Class for setting the type for the yearbook and also to Mr. Keistwetter who made a deal with us for our beautiful end sheets.

But most of all I would like to say thank you to staff for putting so much time into the book and always pulling through when they were needed.
